Contents for February

| | | |
|--|--|-----|
| Aerobic decomposition of cellulose by thermophilic bacteria. | H. C. MURRAY. | 117 |
| The variation of group C hemolytic streptococci. | HARRY E. MORTON AND HARRIET E. SOMMER. | 123 |
| Studies on the gonococcus. I. Constituents of the cell. | HERBERT E. STOKINGER, HELEN ACKERMAN AND CHARLES M. CARPENTER. | 129 |
| Studies on the gonococcus. II. Properties of an antigenic fraction isolated from cell-free gonococcal broth supernatants. | HERBERT E. STOKINGER, HELEN ACKERMAN AND CHARLES M. CARPENTER. | 141 |
| Studies on the gonococcus. III. Quantitative agglutinative reactions of the Neisseria with special reference to Neisseria gonorrhoeae. | HERBERT E. STOKINGER, CHARLES M. CARPENTER AND JANE PLACK. | 149 |
| Vitamin requirements of lactose-fermenting and certain other yeasts. | M. ROGOSA. | 159 |
| An arabinose-fermenting bacterium of the lactose-negative, mannitol-negative shigella group. | W. BLAKE CHRISTENSEN AND G. HOWARD GOWEN. | 171 |
| The bactericidal and bacteriostatic action of crystal violet. | C. E. HOFFMANN AND OTTO RAHN. | 177 |
| Studies on aspergillus flavus. II. The production and properties of a penicillin-like substance—flavacidin. | CLARA M. MCKEE, GEOFFREY RAKE AND CAROL L. HOUCK. | 187 |
| Penicillin. I. Methods of assay. | WILLIAM H. SCHMIDT AND ANDREW J. MOYER. | 199 |
| Notes | | |
| The comparative value of human plasma and human whole blood for testing the Coagulating power of staphylococci. | GEORGE H. CHAPMAN. | 211 |
| Proceedings of local branches of the Society of American Bacteriologists. | KENTUCKY BRANCH. | 213 |

FORTY-FIFTH MEETING
OF
THE SOCIETY OF
AMERICAN BACTERIOLOGISTS

New York City, May 3rd, 4th, and 5th, 1944
(Wednesday, Thursday, and Friday)

The scientific program will include papers on the various phases of bacteriology and related immunological phenomena. In so far as restrictions will permit, topics relating to wartime problems in bacteriology will be emphasized. Round table and panel discussions are being arranged and one or more general sessions of wide interest are anticipated.

A copy of the preliminary program will be sent to all members of the Society and those who register at the meeting will receive a copy of the abstracts of all papers. These abstracts will be published in the May issue of the *Journal of Bacteriology*.

The various committees in charge of the meeting are as follows:

Program Committee

Chairman: L. S. McClung, Bacteriological Laboratories, 302 Chemistry Building, Indiana University, Bloomington, Indiana
Vice-Chairman: Colin M. MacLeod

Publicity Chairman

Chairman: Colin M. MacLeod, New York University, College of Medicine, New York, New York

Local Committee in Charge of Arrangements

Chairman: Mary B. Horton, Sheffield Farms Company, Inc., 524 West 57th Street, New York, New York
Vice Chairman: W. W. Browne, City College of New York, 139th Street and Convent Avenue, New York 31, New York

Division of Medical Bacteriology, Immunology and Comparative Pathology

Chairman: L. A. Julianelle, Public Health Institute of The City of New York, Foot of East 15th Street, New York, New York
Vice-Chairman: John G. Kidd, Rockefeller Institute, 66th Street and York Avenue, New York, New York

Division of Agricultural and Industrial Bacteriology

Chairman: Elizabeth McCoy, Department of Agricultural Bacteriology, University of Wisconsin, Madison 6, Wisconsin
Vice-Chairman: R. P. Tittsler, U. S. Department of Agriculture, Bureau of Dairy Industry, Washington 25, D. C.

The meetings will be held at the *Hotel Pennsylvania* in New York City.

Reservations for rooms should be made with the hotel as soon as possible. Society members desiring low priced accommodations should return the official hotel reservation card at the earliest possible date. *Special rates for graduate students* may be had on application to Dr. John E. Blair, Laboratory Division, Hospital for Joint Diseases, Madison Avenue and 123rd Street, New York 35, New York.

Exhibits will be under the general direction of C. Virginia Fisher, Warner Institute for Therapeutic Research, 113 West 18th Street, New York 11, New York.
