WANTED: Bacteriologist, preferably with experience in the preparation of antigens, with knowledge of animal immunization and with some research experience. Excellent opportunities for advancement. Location, East. Write, giving age, education, experience and salary requirement.

BOX EFW-A
JOURNAL OF BACTERIOLOGY
MT. ROYAL & GUILFORD AVES.
BALTIMORE 2, MD.

B-B-L

TRYPTICASE

A dehydrated peptone prepared from casein by pancreatic (trypic) digestion.

A superior peptone for general use in media for cultivation of micro-organisms, aerobic and anaerobic, including Clostridia; and for the investigation of water, milk and other materials of sanitary importance.

TRYPTICASE is suitable for indol-testing because of the high tryptophane content; it is useful also for determining the ability of organisms to reduce nitrates.

An excellent nutritive material for fermentation, B-B-L TRYPTICASE contains no detectable carbohydrates.

BACTERIOLOGICALLY TESTED
B-B-L TRYPTICASE
Cat. No. 148
One pound bottle $3.50
Quarter pound bottle $1.15

JOURNAL OF BACTERIOLOGY

Manuscripts for the JOURNAL OF BACTERIOLOGY should be sent to J. M. Sherman, Cornell University Press, Ithaca, New York. Manuscripts for BACTERIOLOGICAL REVIEWS should be sent to Prof. Barnett Cohen, Johns Hopkins Medical School, 710 N. Washington Street, Baltimore, Md.

Twenty-five reprints, without covers, of articles will be furnished gratis to contributors when ordered in advance. A table showing cost of additional reprints, with an order slip, is sent with proof.

Correspondence concerning business matters should be addressed to The Williams & Wilkins Company, Mount Royal and Guilford Avenues, Baltimore-2, U. S. A.

The JOURNAL OF BACTERIOLOGY is issued monthly. (From 1916-1926 Volumes I-XII, inclusive published bi-monthly.) Two volumes a year January–June and July–December, are published.

The Subscription price for both volumes will be $10.00. Price of single volume (January–June or July–December) $5.00 per volume. For countries outside the Postal Union, add 50 cents a volume. The subscriptions of members of the Society of American Bacteriologists are included in the membership dues and are handled by the Association's Treasurer, Dr. L. W. Parr, Department of Bacteriology, George Washington University School of Medicine, 1335 H Street, Northwest, Washington, D. C. All other subscriptions should be sent to the publishers.

Claims for copies lost in the mails must be received within 30 days (domestic). For the duration of the war, delivery overseas cannot be guaranteed and must be at subscriber's risk. Changes of address must be received within two weeks of the date of issue.

New subscriptions and renewals are entered to begin with the first issue of the current volume. Should any issue of the current volume be out of print at the time the subscription order is received, the prorata value of such numbers will be credited to the next volume, and the renewal invoice therefor adjusted accordingly.

Subscriptions should be renewed promptly—to avoid a break in your series, subscriptions should be renewed promptly. The publishers cannot guarantee to supply back issues on belated renewals.

Subscriptions, new or renewal, should be sent to the Publishers or to Agents listed below.

AGENTS

For Australia: Angus & Robertson, Limited, 89–95 Castlereagh Street, Sydney.

For the British Empire, except Australia and Canada: Bailliére, Tindall & Cox, 8 Henrietta St., Covent Garden, W. C. 2, London, England.

For Canada: Wm. Dawson & Sons Ltd. 70 King Street East, Toronto.
